# DISCOVER STARFLOOR CLICK 30...

# ...& 30<sup>PLUS</sup>

Your decoration clicks into place  
A new look installed simply and swiftly

PLUS An Aura of Authenticity  
Add a lifelike finish

*Starfloor Click 30 brings choice, style and simplicity to your renovation. A wide range of patterns and colours to suit all tastes. Simple click installation system. Fifteen-year warranty.*

Classic, contemporary or trendy; the living area, kitchen and bathroom or bedrooms, Tarkett Starfloor Click 30 refreshes your decoration in an instant. Mix and match wood, metallic, ceramic and stone designs to personalise your interior and enjoy true comfort underfoot.

Installing the vinyl tiles is fast and straightforward thanks to the easy click system that requires few tools. The tiles' natural acoustic qualities keep noise to a minimum, and with an acoustic underlay, noise can be reduced even further. Complete the look with matching skirtings.

Add another dimension to your decoration by amplifying it with textures that bestow upon your floor a look and feel close to the real thing. The embossed-in-register technique engraves effects onto your planks and tiles that reproduce wood or stone's natural essence. As light travels across your floor, the grain or pattern is reflected, reproducing a lifelike finish all around you.

Your new floor is also a durable choice. Starfloor Click 30's wear layer and Top Clean surfacing protect against scuffs, scratches and stains, making the flooring easy to maintain and clean throughout its 15-year warranty.

And it goes without saying that Starfloor Click 30 is made with the environment in mind. In your home, first with Starfloor Click 30: VOC levels are lower than current European standards, contributing to good indoor air quality and your well-being. Manufactured within Tarkett's closed loop sustainability system, Starfloor Click 30 is also 100% recyclable.

Starfloor Click 30 is the simple and sturdy flooring that also gives free reign to your tastes and imagination for great interior design.

# BUILDING A SUSTAINABLE FUTURE

At Tarkett, we are moving towards a circular economy, where our products are designed to be returned, recycled, remanufactured or reused in a close loop system.

## Use good materials

that are safe for people and the environment

- Since 2010, 80%<sup>1</sup> of our raw materials have been assessed in accordance with the Cradle to Cradle® principles.
- Tarkett new generation vinyl flooring is using phthalate free technology.<sup>2</sup>

## Responsible use of resources

in our operations

- 57%<sup>1</sup> of our manufacturing use closed loop water circuits
- 67%<sup>1</sup> of our factories have reduced their overall energy consumption per square meter of product manufactured.

## Closed-Loop Circular Design

Powered by Cradle to Cradle® principles

## Contributing to wellbeing

with better air quality

- The VOC levels of our flooring collection are 10 to 100 times lower than the strictest European standards.

## Recycle and reuse

to reduce waste

- We work with our customers and partners through the ReStart® programs in Europe and North America
- Between 2010 and 2015 we doubled the quantity of post-installation or post-consumer products collected for recycling.
